Calflora's Weed Manager enables organizations engaged in land management to track plant occurrences over time, including weed infestations and treatments.

A Weed Manager (WM) subscription **costs $4,100 annually per group for up to ten users.** New subscribers receive an on-site (or virtual) set-up and training along with the subscription. A Weed Manager (WM) subscription includes support for all subscribed members. It also includes one customized data collection form. The year begins the day the agency subscribes and will automatically renew on that day in the following year unless the subscriber cancels. Rates are subject to change.

Support includes contacting Calflora with questions about Weed Manager. These may be related but are not limited to questions about Group Observations exports or search filters, data imports, shape editor, setting up projects within a group, organization options, group members, work session entry, survey entry, Hour and Herbicide Distributor, and non-Jasper reports. If you would like help creating custom Jasper reports, please see below.

Users	Base Rate	Additional	Total
1 – 10	$4,100	$0	$4,100
11 – 20	$4,100	$700	$4,800
21 – 40	$4,100	$1,200	$5,300
41 – 70	$4,100	$1,900	$6,000
71 – 90	$4,100	$3,800	$7,900
91 – 110	$4,100	$7,100	$11,200
111 – 130	$4,100	$10,200	$14,300
131 – 150	$4,100	$12,500	$16,600
> 150	$4,100	*contact us*	

Training – Calflora's Weed Manager trainer provides additional on-site and / or remote group or individual training after initial set-up training. Price determined by location and duration.

Form changes - $195/hour
First time WM subscribers receive a customized form included in the annual subscription fee, and form changes after the first year are billed on an hourly basis.

Customized Reports - $195/hour
Please see this JasperReports Server User Guide; Calflora offers help on Jasper Reports billing at the hourly rate.

Legacy Data Upload - $195/hour
Calflora will upload your legacy (historical, previous) data so you can see it in Calflora and add to it as you use Weed Manager. If you already have a system in place for tracking history stacks, Calflora can maintain those stacks in the upload. An engagement fee of $300 will be levied to examine the data to assess the cost of the legacy upload.
